Attention: Darren Davidson

Dear Darren,

Re: Highway 40 Bridge – Ghost River / Waiparous Creek

Further to our earlier conversation noting Council's intent to reinstate membership on the Highway 40 Road Committee, I am pleased to introduce the Summer Village of Waiparous Highway 40 Road Committee members as follows:

Shirley Begg - Chairperson
Matthew Sundal – Council liaison
Susan Cooper Parker – Secretary
Jodie Grisdale
Brian Fleming.

The Committee will be concerned with all matters pertaining to planning and development of upgrades and/or future realignment of Highway 40 in and around the Summer Village and will assist Council with research and liaison activities with the Province and with local residents on related issues.

The 2001 Highway 40 Functional Planning Study recommends:

"A close working relationship with the Summer Village will be very important at the design stage for the section through the Summer Village."

In support of that recommendation, we would very much appreciate the opportunity for the Summer Village to work with Alberta Transportation on this project.

In hopes of future collaboration and input, it would be very helpful for members of the Highway 40 Road Committee to be able to contact Hatch directly. If that is possible, could you provide us with the name and contact information for the liaison person?

We look forward to your response in establishing a working relationship, as we work through this process.

Yours truly,

SUMMER VILLAGE OF WAIPAROUS
